

Here at WOA we passionately believe that it is the right of every child to have access to a curriculum that is designed not only to educate and prepare them for a successful future, but also to broaden their horizons and shape them as individuals.

We believe that an important part of this is to give our students the opportunity to enjoy experiences outside the classroom. This includes time outside, away from school enjoying the beauty that nature has to offer, visiting a range of cultural sites, enjoying a wide range of extra-curricular opportunities as well as working to help others in the communities around us. By enhancing our curriculum in this way, we will ensure that all our of students flourish and are able to Believe, Achieve and Succeed.

This pledge is an entitlement for all students, it is not a reward or incentive.
