

PHOTOGRAPHY LEARNING JOURNEY

Level 3 Courses

Photography
Art
Design

What options/routes can I take when looking at a final outcome for my exam question?

What do I think went well in my exam question development and how could I have improved it?

How can I refine my photographic ideas and take them to the next level?

How can I use shutter speed settings to show movement in a photograph?

How can I combine my strengths in photography to produce ideas for my exam question?

How can I use shutter speed to capture motion and the dynamic tones of a night scene?

Year 11

How can I manipulate the visual scale of background and subject to create interesting illusions?

How can I use mixed media to make my photographs look more vibrant and dynamic?

What photographic illusions can I create via a mixture of trick photography and editing software?

What is meant by "Frame within a frame?" and how can I use this technique to explore a sense of depth?

How can I add artistic characteristics to my photographs?

Year 10

How can a photograph portray the passing of time?

Speed Check – Data will be taken to see if you need a diversion to your journey or extra support on the road.
