

Alumni – Keely Hurley

My name is Keeley Hurley, and I left Wodensborough in June 2025.

I have 8 GCSEs grade 4-7 in both English Language and Literature, Maths, Biology, Chemistry, Physics, History and Latin.

I now attend Wood Green Academy Sixth Form and study A-level History, Psychology, Sociology and EPQ.

I hope to go onto **university** and study History and Politics when I leave in 2027.

At first, starting sixth form was daunting as I didn't know many people here and had to adapt to a new environment. However, I settled in quite quickly and have now met lots of new people who have similar goals and interests as me. I personally believe that moving to sixth form has positively affected me by taking me out of my comfort zone and get to know new teachers and trying new, interesting subjects that I'd never studied before.

Some advice I would give to the current Year 11's is to keep on top of revision, attend session 6 and ask for help in lessons if you need it (it's not embarrassing),

So far at sixth form, I have been given many opportunities to boost my confidence and support my UCAS application.

One of these opportunities is to do the EPQ, which I began in October.

Doing the EPQ has benefitted me by developing my research skills (something I can apply to other my other subjects)

Another opportunity I have been given is becoming an ambassador for the sixth form and an **Alumni** student for Wodensborough.

I have been given so many prospects so far due to being an ambassador even though I've only been here for 3 months.

Some of these include training to become a peer mentor, raising money for charity, and being a role model for younger pupils
