

Alumni – Tanaya Patel

My name is Tanaya Patel, and I left Wodensborough Ormiston Academy in 2025 with 8 GCSE's at grades 5-9, including Latin, Science, Photography and other subjects.

I have gone on to study 3 A-Levels at Wood Green Academy Sixth Form.

I am currently studying Biology, Psychology and Criminology A-Levels with the intention of going into the Forensic Psychology industry.

I hope to go onto university or potentially a degree apprenticeship after I leave sixth form in 2027

During sixth form, I have also been given many opportunities to help my UCAS application for the future. One of these opportunities is to do the EPQ, which I have just started and find very interesting. Doing EPQ benefits students because it can commonly lower entry requirements as well as developing skills such as independent research, time management and essay writing.
